

Test Corrections

This form is used to make up at most half the amount of points missed on any given formal assignment (Up to a maximum of 80%). For example, if you made a 60, you can earn half of the missing 40 points to earn a total grade of 80 on your quiz/test.

Instructions **must** be followed for points to be awarded.

1. **Copy all missed questions and answer choices** and number them on a separate sheet.
2. Using your textbook, past classwork, notes, class discussions, **highlight your answer from the test**, then circle the correct answer.
3. Explain how to find the correct answer and how you may have missed it, and/or show your work. **Points will not be rewarded for dumb answers like: "I chose the wrong one."**
4. Have a parent/guardian sign here to indicate they looked over your work and have seen your grade prior to corrections.

Parent Signature: _____ Date: _____
